Nutrient Response to Comments 01\_23\_13 TL edits.docx

George,

I can continue working on this document but wanted to send you what I completed so far. I tried to include the edits we discussed up to Section 3. Mike mentioned that he is shipping the draft responses to Mumford later this week. Hope this helps. I'll let you forward this version to Mike if you'd like...

Let me know if I can do something else to chip in.

Thanks!

Tina
